The heavy gold importations continue to exercise a favorable influence in Wall street, and on financial affairs generally. The increase in National bank circulation also has a good effect and must assist the local money market which has had to bear on awful strain in consequence of the extraordinary calls from the East and West for cur-

There were exceedingly erratic movements at the opening of the Stock Exchange this morning. Some shares were higher and others decidedly lower, but the bears were soon routed and an advance of 1 to 4 3.4 points followed under a lively scramble to cover.

General Electric sold up 3.3-4, to 51.1-2.

Manhattan 1 1-2, to 12. Chicago Gas. 4 3-4, to 53. Sugar 2, to 74, preferred \$ 3-8, to 75.1-2; Baltimore & Ohio 1.7-8, to 52.5-8. American Tobacco preferred 2.1-4, to 89; Jersey Central 3.1-2, to 36.1-2, and Erie preferred 1.1-2, to 24.1-2.

After the first hour a part of the improvement was lost under sales to realize profits.

mr. James R. Keene said this morning.
"There is a short interest in this market of at least 1,00,000 shares, and it is distributed throughout the country. For weeks people have been educated to bear stocks. Every offer was either sold out or was carrying along customers who have made heavy losses, part of which have been assumed by the brokers. "There is no doubt that Western traders operated on the short side of the market, believing that the troubles would of necessity be reflected in lower prices in Wall street. The market is heavily oversold, and the rise that we have had does not begin to eliminate the bear interest that is very general." The Chicago & Alton has declared a quarterly divident of \$2 per cent, from the best figures of the marning, and the bear sput out fresh lines of shorts. Thedecline met with a good deal of resistance, and railies occurred at intervils.

There was a disposition to harmore the Grangers on a rumor of a heavy falling off in the earnings during July. The Rock Island reports an increase for that month of \$66,000, while the St. Paul shows a loss of \$259,000.

The market was disturbed later by the failure of Lazarus Silverman, a leading private hanker of Chicago. Prices ran off some on this, but there was no excliment. The borrowing demand was less urgent than on yesterday, but most stocks still command a premium. New York Central and Lackawanna lent at 1-8 and others at 1-64 a 1-16.

Money was easy on call at 31-2 a 5 per cent.
The advance in the Bank of England rate of discount from 21-2 to 3 per cent, was followed by a rise in the posted rates of sterling exchange to 4.81 1-2 for long, and 4.85 for sight. The market was strong, owing per by to prehases to cover gold imports.

The sum of 588,000 was withdrawn from the Bank of England to-day for shipment to New York. Bankers' 60-day fulls sold at 4.80 a 4.80 1-2, and sight at 4.81 a 4.83 3-4.

A Boston despatch says Kidder, Penbody & Co. has engaged \$100,000 gold for the Revere Bank, and also for Winthrop; amount not stated, but it is thought to be as large.

The Clearing-House issued \$1,200,000 loan certificates to-day, making the total contistanding \$11,500,000.

The Sub-Trensury had a debit balance to the Clearing-House of \$23,000 this morning, which was paid in gold coin.

The steamship Aller, which arrived to day from Bremen and Southampton, brought over \$30,000 in gold for Laden berg & Thalman.
